Photo Display Permission

The Southern Berkshire Regional School District conducts many activities and programs that are academically challenging and socially entertaining to our students. We also continue to make a concerted effort to publicize the many good things that our students do, and in that effort, we often provide pictures to local newspapers, along with write-ups. *We are asking that you notify us immediately if for any reason you object to having your child(ren)'s pictures included with any press release we may send out. Please note that unless there is a good reason to identify a particular student (i.e. if the child is the recipient of a special honor), we will not use names in any instance.*

___ **I DO** grant permission to have current photos of my child(ren) displayed for school related programs.

___ **I DO NOT** grant permission to have current photos of my child(ren) displayed for school related programs.

Pursuant to the law, we will not release such identifiable information of your child(ren) without written consent from you as parent/guardian.
