Currently there is a site at Railroad Street and Monument Mountain. The trend is to bring the different agencies together under coordinated care. They were asking the school board for approval to bring the mobile unit to the SBRSD campus during the school day. This mobile unit will provide free services to teens with no cost to the parents. On the van will be a nurse which will be funded through a grant and partially through CHP, a care coordinator funded through Railroad Street and volunteers. They are hoping that students will utilize these services and address issues of depression. To permit time for study of all policies or amendments to policies and to provide an opportunity for interested parties to react, proposed policies or amendments will be presented as an agenda item to the Committee in the following two meeting sequence:

1. Meeting 1: Proposed New or Revised Policy will be distributed with agenda or during the meeting. If required for a “Revised Policy” with major changes, the current Policy will also be distributed. While questions on background or clarity may take place at this meeting, no changes or discussions of revisions to the New or Revised Policy will be made in Meeting 1.

2. Meeting 2: Reading of the proposed policy or policies will be followed by: response from Superintendent; report from any advisory Committee assigned responsibility in the area; Committee discussion and directions for any redrafting. Amendments to the policy at the action stage will not require repetition of the sequence, unless the Committee so directs. After conclusion of discussion action will be taken by the Committee for adoption or rejection.

3. Enactment: Policies will be enacted effective the day after passage by the School Committee unless MGL or the Committee specifies a date.

The School Committee may dispense with the above sequence to meet emergency conditions.

STRATEGIC

Mr. Carpenter, Mr. Daponde, Ms. Conant, Ms. Estes-Daub and I participated in a conference call with DESE regarding the change over to the Next Generation MCAS scores. We are planning now to ensure our students in their junior and sophomore year will be judged appropriately with respect to earning a competency determination. In October I will give the committee a full presentation on the MCAS determinations as the state looks to turn over completely to a new Next Generation MCAS.

Mr. Miller, Dr. Lyn, and I met recently to work on an implementation plan for our Social-Emotional Learning at the elementary school. We are fortunate to have Dr. Lyn as a member of our administrative team. She has an earned doctorate in Social-Emotional Learning and is currently an adjunct professor in the subject.

OPERATIONAL

Thus far this school year has opened smoothly. The schedule at Mt. Everett looks like it is a success. Students are enrolling in our cooperative course work with Bard College and the anecdotal feedback, thus far, is terrific.

I was able to visit South Egremont School and Ms. Cooke and Ms. Drumm are working diligently with our students. The class was happy and active in many different learning activities. I am looking forward to working with them to support.

Currently our Go Math materials look to finally be in house fully. I have had some of my most difficult conversations with a vendor this past week ever. There was a situation with our former representative who is no longer with the company. Our new representative has been working hard to get up to speed. We will be ordering for SY 20-21 this November in order to avoid issues for next school year.

Re: September 12 Director’s Report for School Committee Meeting

Hello!

The school year is off to a good start and everything is in full swing! So great to see all of our students and staff!

The health services staff met on August 28th and updated our Immunization Exemption Form and process based on changes to the law, which states that parents/guardians must update the letters and reasons for exemption, which must be medical or religious, annually. While the changes to the form were minor, it was a great opportunity to discuss our practices. Thank you to our nurses and Dr. Sylvia for a very detailed discussion on the best way to communicate the required documentation and risks to our families.

I am pleased to introduce two new programs, developed to meet the needs of students in our district. At the elementary level, we have the LEAP program (Language Based Educational Access Program), designed to help students with language acquisition, development, and communication. At the secondary level, we have the PACE program (Program for Academic and Community Engagement), which supports middle and high school students in and out of the classroom setting and allows for community access and school to career experiences. Much work was done this summer and continues, so that programs can be expanded to address student IEP and transition goals. We look forward to sharing more about the programs in the near future.

Our first SEPAC (Special Education Parent Advisory Council) meeting of the 2019-20 school year will be held on September 23rd at 4:30pm in the Eagles’ Loft. This meeting will focus on a review of Parents’ Rights and an overview of our programs. Childcare and dinner will be provided. Please stop by if you are able!

Thank you for your continued support of our students, families, staff, and programs!

Respectfully submitted,

Sandi

Back to School ~

This is our first meeting since the opening of the 2019-2020 school year. It was a great week beginning with the Opening Day Convocation and the return of the Faculty & Staff, and on Wednesday, the arrival of all our students on all three campuses. I have had the opportunity to visit all three campuses to welcome everyone back and to see our students excited and engaged in learning right from the start! Thank you to Ms. Jane Burke and Mr. David Travis for being there for the Opening Day Convocation. The Administrative Team and I have been striving to create unity and infuse the District with a collaborative, supportive, and positive culture in all that we do. Hence was born the idea for our #teamSBRSDcares t-shirts. The 5 represents our five member towns that make up our school community, and our message is that we work each day towards achieving our vision based on what’s best for students in the forefront of the decision making process. There has been a lot of very positive feedback about the first weeks of school, but my best barometer always comes from the kids who have lots of things to share with me each day and lots of smiles on their faces.

Middle School Open House~

There was a nice turnout for the Mt. Everett Middle School Open House last night. It began with an informational meeting in the TACPAC, followed by students and their families following the schedule of their first five classes to give parents/guardians an opportunity to see their students’ classrooms, meet their teachers, learn about the expectations, and ask questions.

Calendar Survey ~

As promised, in the next month or so, we will put out a survey to our school community to get feedback on the development of the District Calendar for the 2020-2021 school year. It is important to note, that on July 1, 2019 Commissioner Riley announced that the Blizzard Bag initiative was to be phased
out by the end of this school year after analysis done at the State level. I will notify the school community when the survey is available.

**Upcoming Events ~**

There are a lot of activities scheduled next week to consider adding to your calendar –

Saturday, September 14th is the Founder’s Day Parade

Monday, September 16th is the MASC Division VI meeting at 6 pm

Tuesday, September 17th is the School Committee Retreat, Flying Cloud 5:30 pm

Thursday, September 18th SC Consolidation meeting, Berkshire Taconic 4:30 pm

As always, please feel free to reach out with questions or concerns.
